1. Claims 2 and 6 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected claims, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on 10/03/05.
2. Applicant's election with traverse of Group I, claims 1, 3-5 and 7-9 (newly amended claim 1 and claim 9 newly added) in the reply filed on 10/3/05 is acknowledged. This is found persuasive; therefore, claim 1 now is generic.
3. Claims 1 and 9 are objected to because of the following informalities: The term – of—should be added after the phrase “at least one” in claim 1, line 15. Appropriate correction is required.
4. Claims 1-9 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The phrases “plural permanent magnets ..... and on both ends of said movable unit” and “on one side ..., said permanent magnets are arranged on both ends of said movable unit” in claim 1, lines 11-13 (see also claims 2-8) are vague and indefinite because as in the specification discloses that “here, the objective lens 1, the lens holder 2, the focusing coil 3 and the tracking coils 4a to 4d turn out to become a movable unit” (page 6, lines 25-27 and figures 1 and 7). It is appear that the magnets are on the fixed base member instead. The magnets are not “on” the movable unit as claimed.

5. Claims 1-9 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
